Chairman, Training Selection Board

Center  
Deputy to the DCI for Resource Management

FROM: John F. Blake  
Deputy Director for Administration

SUBJECT: Center for the Study of Intelligence (CSI)

## STATINTL

1. Having completed his review of the [REDACTED] study on the Center for the Study of Intelligence, the DCI in a memorandum dated 13 February stated that he is "enthusiastic about continuing the CSI ... as a vehicle for looking at the long range prospects for intelligence and for looking objectively at ourselves and our performance." He endorsed his identity with CSI fellows by agreeing that they be designated as DCI Fellows and is anxious to take "whatever other steps seem reasonable to give more publicity to and enhance the prestige of the people assigned" to the CSI.

2. In recognition of the career development and training functions of the CSI, the award of DCI Fellowships will be associated with the Personnel Development Program. The appointments will be made by the Training Selection Board in the same manner as assignments to senior training programs such as the National War College, Federal Executive Institute, etc. DCI Fellowships will be awarded for a specific period, normally one year.

You will be called on to identify potential DCI Fellowship candidates to work on research projects identified and approved by the Board of Advisors and the Director of the CSI.

SUBJECT: Center for the Study of Intelligence (CSI)

3. Effective immediately, the present Board of Advisors of the Center for the Study of Intelligence is dissolved, and its functions transferred to the present Editorial Board of Studies in Intelligence which will serve concurrently as the Board of Advisors of the Center for the Study of Intelligence. The new Board will also continue to carry out its functions with regard to the Studies in Intelligence.

This organizational realignment is designed to retain the functional integrity of both the Center and the Studies, while enabling them to operate with the unified advice and guidance of a single Board of Advisors.

4. The Board of Advisors will regularly meet with the Director, CSI, in order to agree on a program of study for the CSI for the coming year. The research and study topics will be made available to the various career boards as well as the Training Selection Board to assist them in identifying candidates for DCI Fellowships. Emphasis in the selection process will be given to middle career officers with substantial career potential. This will not exclude the possibility of selecting more senior officers as DCI Fellows nor the selection of qualified candidates from other components of the Intelligence Community or from outside the government.

5. These modifications in existing procedures reflect a determination to provide all possible support to the Center for the Study of Intelligence and to enhance its status as a source of professional development for Agency personnel. Award and completion of a Fellowship will be recognized in the officer's personnel record as equivalent to senior outside training.
